To Whom It May Concern

LETTER OF RECOMMENDATION AND THANKS

Please be advised that Zululand Agric Holdings (ZAH) had a new approach for the employment of seasonal drivers this year, which included the assessment of all driver performance prior to their employment.

ZAH engaged the services of Ellen Chetty from Pro-Driver Labour Hire to conduct professional assessments of each driver, which has proven extremely beneficial to the company.

We at ZAH would like to thank Ellen Chetty for his excellent service that he has provided us. With ongoing training by Ellen Chetty, we managed to reduce our accident rate drastically in 2015.

Due to the excellent and positive results we will most definitely use Ellen Chetty's services for the 2016 sugar cane season, as well as continued training for our drivers'. His services and good feedback is well recommended for any company with code 14 drivers.

Thanks

Alan Gordon
